

Our Party Committees

Why It Matters

The Democratic City Committee (DCC) and Republican Town Committee (RTC) are the official organizations for the two major parties in Stamford. Both are responsible for recruiting and nominating candidates for local and state elections, supporting campaigns, and building party support across the city. Arguably the most important role they perform, outside of growing their respective parties, is the endorsement of candidates for local and state elections. Receiving the party endorsement and campaign assistance is generally considered an advantage in elections as the endorsed candidate is the first listed on the ballot.

This March's Election - 2020

The DCC has announced elections this year for Districts 3, 9, 10, 11, 12 and 16. The districts are the same as your Board of Representatives district. If you don't know what your Municipal (City) District is, click here:

<http://www.boardofreps.org/find-your-representative.aspx>

More On What It Is

The DCC and RTC are comprised of 40 members, 2 from each district. Both Committees meet monthly, with the RTC open to the public and the DCC open to all registered Democrats. Some of the activities the Committees perform are:

- Advertising
- Registering new voters
- Getting voters to the polls
- Helping candidates with their campaigns
- Running phone banks

If you are interested in working with one of the Committees, you can contact them at their websites:
